Protecting Your Net Payout: (1) Why Self-Calculating Shifts First Saves Thousands & (2) Regulatory Tip-Offs vs Civil Recovery

Fair Work Small Claims up to **$100,000** (Fair Work Act 2009 s 548) operate in a **no-costs jurisdiction (s 570)**, and private solicitors hold zero power to "punish" employers (report regulatory/payslip breaches free via fairwork.gov.au/tipoff, ATO 13 10 20, or Home Affairs Border Watch). **Callers must self-calculate their shortfall first** using this manual and Park_Co_Underpayment_Self_Calculator_2026_EN.xlsx before submitting our Employment Questionnaire (https://form.jotform.com/221642058161853) for >$50k litigation.

02 Exact Mathematical Self-Calculation Formulas

Formulas 1 & 2. Weekly Penalty Shortfall & Flat-Rate / Annualised Salary Reconciliation

Statutory Gross Entitlement = SUM (Actual Hours in Bucket × Applicable FY Award Rate) + Allowances

Pay-Period Gross Wage Shortfall = MAX (0, Statutory Gross Entitlement − Actual Gross Wages Paid)

- **Non-Compounding Casual Rule:** Never multiply the Casual Ordinary Rate ($33.85) by weekend multipliers; always apply the additive percentage (150% Sat, 175% Sun, 250% PH) to the **Permanent Base Rate (B)**.
- **Flat Rates & Salaries:** Any "all-in" hourly rate or salary that falls below the total Modern Award safety net across actual weekends/overtime worked creates an enforceable shortfall.

Formulas 3, 4 & 5. Untaken Annual Leave (+17.5%) · Notice in Lieu (s 117) · Redundancy (s 119)

Unpaid Annual Leave (s 90(2)) = ((Total Ordinary Hours × 4 ÷ 52) − Paid Leave Taken) × Base Rate (B) × 1.175

Notice Shortfall (s 117) = (Statutory Notice Weeks (1–4 wks, +1 wk if over 45 & ≥ 2 yrs) − Notice Given) × Full Weekly Pay

- **NES Redundancy (s 119):** Applies to permanent staff (≥ 12m service, 4–16 wks) where employer + associated entities have **15 or more employees**.

Formula 6. Unpaid Superannuation (12.0% SG & 1 July 2026 Payday Super · NES s 116B)

Unpaid Super Shortfall = (Statutory OTE (excl. overtime & leave lump sums) × 12.0%) − Super Received in Fund

- **SG Rates by FY:** FY22–23 10.5% · FY23–24 11.0% · FY24–25 11.5% · **From 1 Jul 2025: 12.0%**.
- **Payday Super (from 1 Jul 2026):** Super must reach your fund within **7 business days** of each payday and is directly recoverable in Court under **NES s 116B**.

03 Worked Audit + s 557C Reverse Onus Evidence + FCFCOA Form 5 Guide

Worked 1-Week Audit (MA000119 Level 2 Casual): In August 2026, a restaurant employee works **15h Weekday ($507.75) + 8h Sat ($324.96) + 7h Sun ($284.34 at 150% = $40.62) = $1,117.05 Gross**, paid **$750.00 flat** and $0 super → **$367.05 unpaid wages + $134.05 unpaid 12% super = $501.10/wk shortfall** (**$13,028.60** over 26 wks; **$554.17/wk** under Hotel/Pub MA000009 175% Sunday).
